

Curriculum at Pawar School of Excellence

At Pawar School of Excellence, we follow the CBSE curriculum, with our teaching-learning practices aligned with the vision and principles of the National Education Policy (NEP) 2020. Our curriculum is designed to promote conceptual understanding, competency-based learning, critical thinking, creativity, values, and holistic development.

Foundational Stage | Nursery to Grade 2

The Foundational Stage focuses on creating a joyful, nurturing, and play-based learning environment. Children learn through play, exploration, stories, activities, and meaningful experiences.

Learning Areas

- English and early language development
- Hindi and/or other age-appropriate language exposure
- Early literacy and numeracy
- Environmental awareness and understanding of the world
- Art, Music and Creative Expression
- Physical Development and Movement
- Social-Emotional Learning and Life Skills

Subjects (1and 2)

English

Hindi

Marathi

Math

Science

ICT

The focus is on developing foundational literacy and numeracy, communication, curiosity, confidence, creativity, and positive learning habits.

Preparatory Stage | Grades 3 to 5

The Preparatory Stage gradually moves towards more structured learning while continuing to encourage activity-based, experiential, and interactive learning.

Subjects

- English
- Hindi
- Marathi
- Mathematics
- Environmental Studies / Science
- Social Studies
- Computer / Digital Literacy

Enrichment Areas

- Art Education
- Music and Performing Arts
- Physical Education and Sports
- Reading and Library Activities
- Value Education and Life Skills
- Projects and Experiential Learning

The stage focuses on strengthening reading, writing, communication, mathematical thinking, conceptual understanding, creativity, and problem-solving skills.

Middle Stage | Grades 6 to 8

The Middle Stage introduces students to more subject-specific learning, abstract concepts, inquiry, and analytical thinking, with greater emphasis on experiential and interdisciplinary learning.

Subjects

- English
- Hindi
- Marathi
- Mathematics
- Science
- Social Science
- Computer / Digital Literacy

Enrichment Areas

- Art Education
- Physical Education and Sports
- Vocational / Skill Education and Exposure

- Value Education and Life Skills
- Computational Thinking and Artificial Intelligence

Students are encouraged to question, investigate, analyse, collaborate, communicate, and apply their learning to real-life situations.

Secondary Stage | Grade 9

The Secondary Stage is a period of deeper academic engagement, greater independence, critical thinking, and preparation for future educational pathways.

Subjects / Learning Areas

As per the applicable CBSE scheme of studies, students engage with Languages:

Mathematics, Science, Social Science, Vocational Education, Art Education, Physical Education & Well-being, Computational Thinking & Artificial Intelligence , IT.

The focus is on deeper conceptual understanding, competency-based learning, application, analytical thinking, effective study habits, communication, problem-solving, and future readiness. The current CBSE Class IX scheme for 2026–27 provides the detailed subject structure and assessment requirements.

Beyond the Classroom

At Pawar School of Excellence, we believe that education extends beyond textbooks and examinations. Our co-scholastic and enrichment programmes provide opportunities for students to discover their interests, develop their talents, and grow as well-rounded individuals.

These include:

- Music, Dance, Art & Craft
- Sports and Physical Education
- Library and Reading Programmes
- Clubs, Competitions and Creative Activities
- Educational Visits and Excursions
- Leadership and Life Skills
- Value Education
- Experiential and Project-Based Learning
- Community Engagement and Awareness Activities

Technology-Enabled Learning

Our digital classrooms, interactive boards, and technology-enabled learning resources create an engaging and dynamic learning environment. Technology is integrated meaningfully into teaching and learning to enhance visual understanding, creativity, collaboration, digital literacy, computational thinking, and effective communication.

Our Educational Vision

At Pawar School of Excellence, we strive to create a learning environment where every child is encouraged to:

Explore • Question • Think • Create • Collaborate • Communicate • Lead

Our endeavour is to develop learners who are not only academically capable but also confident, compassionate, creative, responsible, and prepared to contribute meaningfully to society.
